

# SEI Partner Network

## Ethics and Compliance **Hotline** **1-877-217-6316**

If your business situation does not feel right to you, it may not be.

If you are aware of unethical, illegal, or compromising activities that involve official products and services, do something about it. File a direct report with the SEI Ethics and Compliance Office, or file an anonymous report through the SEI Ethics and Compliance Hotline.

The Hotline is a 24-hour, toll-free anonymous service for reporting unethical, illegal, or quality-compromising activities, operated by The Network, Inc., an independent company.
