

SEI Partners for SEMA Product Suite: Materials and Use Restrictions

(Effective November 26, 2008)

This is a detailed listing of the SEMA Product Suite materials, and the use restrictions that apply to them, made available to SEI Partners for the delivery of SEMA Product Suite courses under SEMA Product Suite License Agreements with the Carnegie Mellon University Software Engineering Institute. For information on becoming an SEI Partner, please view our current opportunities at <http://www.sei.cmu.edu/partners/become>.

SEMA Product Suite

Course or Service	Materials	Restrictions on use in addition to any restrictions listed in SEMA Product Suite License Agreements
Implementing Goal-Driven Measurement Course, English language case study version	Student notebook	Hard-copy materials may be copied and distributed to Course Participants only.
	Supporting materials	Hard-copy materials may be copied and distributed to Course Participants only. The example of the Xerox metric handbook may NOT be copied and distributed to Course Participants.
	Exercises	Hard-copy materials may be copied and distributed to Course Participants only.
	Instructor notes	May not be copied or distributed
	Instructor supporting materials (copies of previously completed exercise sheets)	May not be copied or distributed to Course Participants
Implementing Goal-Driven Measurement Course, English language tailored workshop version	Student notebook	May be copied and distributed to Course Participants only. Tailoring of materials is permitted per SEI guidelines.
	Supporting materials	Hard-copy materials may be copied and distributed to Course Participants only. The example of the Xerox metric handbook may NOT be copied and distributed to Course Participants.

	Exercises	Hard-copy materials may be copied and distributed to Course Participants only.
Improving Process Performance using Six Sigma Course, English language	Student notebook, including job aid and exercises	Hard-copy materials may be copied and distributed to Course Participants only.
	Student pre-read materials	Electronic materials may be distributed to Course Participants only. Pre-course letter may be modified, copied and/or distributed to Course Participants.
	Datasets	Electronic materials may be copied and distributed to Course Participants only.
	Instructor notes	May not be copied or distributed
	Instructor supporting materials	May not be copied or distributed
Designing Products and Processes using Six Sigma Course, English language	Student notebook, including job aid and exercises	Hard-copy materials may be copied and distributed to Course Participants only.
	Student pre-read materials	Electronic materials may be distributed to Course Participants only. Pre-course letter may be modified, copied and/or distributed to Course Participants.
	Datasets and simulators	Electronic materials may be copied and distributed to Course Participants only.
	Instructor notes	May not be copied or distributed
	Instructor supporting materials	May not be copied or distributed
