

Hard Problems in SOA Workshop

Bringing Together the Users, Doers, & Researchers

January 30, 2008

Frank Stein
Program Director
IBM Federal SOA Institute
fstein@us.ibm.com

Where do we go from here?

- How do we get work started on the Challenges and Gaps we've identified?
 - Academic Research?
 - Industry efforts (tooling, products, publication of best practices)?
 - User and Government efforts?
 - Standards?
- What other parties do we need to involve beyond those in attendance? (Who should see the Outbrief?)
- Should we do another one of these Workshops?
 - If so, suggestions for:
 - Follow up from this session?
 - What new topics?
 - Where?
- Feedback - Survey

Thanks to:
