News: FloCon 2016 Organizers Announce Program, Keynote Speakers

The organizers of FloCon 2016, the 12th annual open forum for large-scale network analytics, have announced the conference program and keynote speakers. Among the technical program's highlights are tutorials on use of the Linux command line for network traffic analysts, the dynamic capabilities of Suricata, and network traffic analysis using SiLK. The keynote speakers will be Dr. Peter M. Fonash from the Department of Homeland Security and Ron Gula from Tenable Network Security.

The FloCon network security conference provides a forum for large-scale network flow analytics. Showcasing next-generation analytic techniques, FloCon is geared toward operational analysts, tool developers, researchers, and others interested in applying the latest analytics against large volumes of traffic.

CERT Podcast Series: How Cyber Insurance Is Driving Risk and Technology Management

Every day another story arises about a significant security breach at a major company or government agency. Increasingly, cybersecurity is being viewed as a risk management issue by CEOs and boards of directors. So how does corporate America address risk? Insurance offers one remedy. Since, as with natural disasters, a company cannot completely avoid cyber attacks, the next best option might be to mitigate the impact of these attacks.

Chip Block, Vice President, Evolver, Inc.

In this podcast, Chip Block, Vice President at Evolver, Inc., discusses the growth of the cyber insurance industry and how it is beginning to drive the way that organizations manage risk and invest in technologies.

About the SEI Bulletin

The SEI Bulletin is a biweekly newsletter designed to keep you up to date on SEI news, events, research, and other matters of interest to the SEI community. We hope you find the SEI Bulletin useful and informative.

Send Us Your Story

Do you have a story about how an SEI technology has positively affected your team or organization? If so, the SEI would like to hear about it. Send a short summary of your success to info@sei.cmu.edu and you could be featured in a future issue of the SEI Bulletin.
