## Introduction:

SEI is operated and managed by Carnegie Mellon University (CMU) as a Federally Funded Research and Development Center (FFRDC):

- Projects placed on contract prior to **30 June 2025** reference the USAF contract number **FA870215D0002**.
- Projects placed on contract as of **1 July 2025** reference the USAF contract number **FA870225DB003**.

These contracts (collectively referred herein as the “SEI FFRDC Contract”) are the vehicle by which Work Sponsors fund R&D efforts at SEI and is administered by the Air Force Life Cycle Management Center (AFLCMC), Strategic Services Division (AZS) at Hanscom Air Force Base.

**Basic SEI Contract Information:**

The SEI FFRDC Contract has been established by AFLCMC/AZS, the Administrative Agent, on behalf of OUSD R&E, the Primary Sponsor of the SEI FFRDC, to fulfill the needs of the Primary Sponsor. The Primary Sponsor has authorized other DoD and Non-DoD agencies (Work Sponsors) to utilize the services of the SEI through the SEI FFRDC Contract. The SEI FFRDC Contract is intended to support Research and Development (R&D). The established contract between SEI and AFLCMC/AZS contains an overarching Statement of Work and is based upon DoD Title 10 of the USC including FAR Clauses for R&D work. The SEI FFRDC Contract is not modified to include clauses that would be applicable to the entire contract. Rather, Work Sponsor specific requirements will be delineated in a Project Work Plan (PWP) that serves as a Work Sponsor specific Statement of Work. The SEI FFRDC Contract includes existing overall clauses and general terms that are subject to the entire contract. Changes or additions to the general terms and clauses of the SEI FFRDC Contract are not allowed.

Work Sponsors seeking to obtain the services of the SEI are able to use the SEI FFRDC Contract if they have the same or similar requirements that can be satisfied using the existing contract clauses and structure. The authorization for other agencies to use this contract fall under 175.502-2 The Economy Act, particularly 17.502-2, 1, (iii), A(c)(iii)(A). If a Work Sponsor finds that the existing contract does not include the same or similar requirements, then the authority of the use of the Economy Act may be invalidated.

Work Sponsors are instructed to work directly with SEI to produce PWP's that define the scope of effort they desire to place onto the SEI contract. The PWP must include the technical scope of work, an estimated total cost, and a period of performance to define the baseline of effort that will be placed on the contract. Each PWP is placed onto the contract under separate Contract Line Item Numbers (CLIN's) to ensure the efforts are separated from other Work Sponsors and activities under the contract.

**Project Execution:**

The SEI FFRDC Contract incorporates a DoD Sponsoring Agreement, which establishes the mission, scope, and policy by which the SEI is operated and managed, consistent with FAR 35.017. The DoD Sponsoring Agreement provides that projects operate with an agreement between SEI and the Work Sponsor via the PWP. Work Sponsors are responsible for directly monitoring execution of their projects and providing only technical direction to SEI within the scope set forth in the PWP. Therefore, AFLCMC/AZS does not assign Contracting Officer Representatives (COR's) under this contract. The overall SEI contract administration is

provided by the AFLCMC/AZS PCO. AFLCMC/AZS Program Managers monitor and track PWP review and approval and SEI performance.

### **PWP Creation & Approval:**

Projects are developed directly between SEI and the Work Sponsor seeking the services of the SEI. Each PWP will be assigned a unique identifier by SEI (i.e. PWP # 6-999A9 or 7-448B05).

Severability of the project must be determined by the Work Sponsor and reflected in the PWP.

Once drafting of the PWP is completed, the Work Sponsor is required to sign off on the PWP (in all applicable areas), complete the Compliance Review Guide, and submit a signed technical review identifying that the proposed labor, skill mix, and outside procurement are technically acceptable. SEI will then submit the signed PWP to AFLCMC/AZS to initiate the formal review and approval process, that includes OUSD (R&E).

All PWP's must be received, reviewed, and approved through AFLCMC/AZS and by OUSD (R&E). PWP approval requires concurrence determinations from both a technical and contractual perspective.

#### *Special Access Programs (SAP)*

Work Sponsors that have SAP requirements must document that in the PWP at the unclassified level. Please include the following in the PWP: "This project includes SAP requirements and as such an addendum to the DD-254 will be created under separate cover to address SAP."

### **Placing PWPs on Contract:**

Once projects have been approved, the contracting activity does not start until funding is received at AFLCMC/AZS. Once funding is received and accepted, the project is placed in the queue for the next contract modification. Once the modification is awarded, AFLCMC/AZS will send a copy of the modification to the appropriate Work Sponsor POCs identified on the funding document. Work Sponsors can locate their project on the modification by searching for the corresponding PWP number.

For planning purposes, estimated timelines for award and customer requirements for all Modification Request (MR) types are provided below.

## AZS Timeline for Modification Requests:

Type of Modification	Timeline Calendar Days (Non-DoD)
New Start Project	50
Incremental Funding	49
Period of Performance Change	31
Ceiling Change – No Scope Change	49
Ceiling Change – with Scope Change	56
De-Obligation	28
Supplemental Agreement	25
Administrative	28

*Note: These timelines are estimates. Outside factors, such as holidays or additional review(s), can affect the processing timeline.*

## Requirements for PWP Changes:

Change	Requirement
Cost Estimate (Increase/Decrease)	Customer must sign and date an updated PWP version. A new Technical Evaluation (signed and dated) is required.
Task/Scope (Adding/Removing)	Customer must sign and date an updated PWP version. A new Technical Evaluation (signed and dated) is required. OUSD approval is required for increased scope.
Period of Performance	Customer must sign and date an updated PWP version. Customers may need to amend their active funding documents to ensure the estimated PWP PoP matches the updated PWP.
PWP Versioning	Any changes to a PWP must be accompanied by a version change. Work Sponsor signature is required for all version updates.
Initial Funding at AZS	If funds arrive 365 days or more from OUSD approval date, the PWP and Technical Evaluation must be re-submitted. Customer must sign and date a new PWP version that reflects the new estimated PoP (at a minimum).
De-Obligation (Work not Completed)	Email from Work Sponsor stating the de-obligation amount and identify coordination with SEI.
De-Obligation (Work Completed)	Email from SEI stating the de-obligation amount and that all work and invoicing has been completed.

## Instructions for Funding Documents:

All Funding Documents should be sent to the AZS Common Inbox ([AFLCMC.AZS.SEI@us.af.mil](mailto:AFLCMC.AZS.SEI@us.af.mil)), with the **PWP number included in the email subject line**. Please copy Michelle Yurkiewicz ([msslusser@sei.cmu.edu](mailto:msslusser@sei.cmu.edu)). If needed, the mailing address for AFLCMC/AZS is:

AFLCMC/AZS  
Attention: Barbara Signoretti (Financial Management)  
20 Schilling Circle  
Bldg. 1305, 3rd Floor  
Hanscom AFB, MA 01731-2125

**Please note:** AFLCMC/AZS does not currently use G-Invoicing.

In accordance with DoDI 5000.77, all Non-DoD Customers MUST utilize the U.S. Treasury Interagency Agreement (IAA) General Terms and Conditions Form 7600A and Interagency Agreement Order Form 7600B when submitting an IAA to perform work under the SEI's FFRDC contract. Please **do not add any additional terms and conditions** to these forms when submitting. As referenced above, the SEI contract is not modified to include additional FAR or Defense Federal Acquisition Regulation Supplement (DFARS) clauses or additional Contract Data Requirements List (CDRL) requirements for individual projects. All requirements specific to your project should be included in your specific Project Work Plan (PWP). The contract includes existing overall clauses and general terms that are subject to the entire contract. Changes or additions to the general terms and clauses of the overall contract are not allowed.

As the Requesting Agency, the Work Sponsor must sign the Form 7600A and Form 7600B first before sending to AFLCMC/AZS to sign as the Servicing Agency.

### *Determination and Findings*

Non-DoD agencies citing authority under The Economy Act (FAR 17.502-2(c)) shall provide a Determination and Findings (D&F) with their funding document. The D&F must be approved by a Contracting Officer of the requesting agency with authority to contract for the supplies or services to be ordered, or by another official designated by the agency head.

**Please reference the Form 7600A and 7600B templates included in this guide for IAA creation.**

Reimbursable Authority (RBA) will be used for funding documents from Non-DoD agencies.

IAAs must include:

- All references to the PoP encompass the PoP on the approved PWP
- Agency Location Code (ALC)
- Treasury Account Symbol (TAS) code for each Line of Accounting
- Fee Information (see attached FY25/26 Non-DoD Assisted Acquisition Cost Recovery Fee Memorandums)
  - *Cost Recovery Fee: Effective 04 Jan 2016, all non-DoD customers will be assessed a tiered cost recovery fee when utilizing the SEI contract. The fees will be collected directly from the non-DoD customer to be deposited into the Air Force Miscellaneous Receipt account held at the Defense Finance and Accounting Service in Columbus, OH (DFAS-CO) and later transferred to the U.S. Treasury Miscellaneous Receipt account for the purpose of costs associated with the SEI projects placed under the Economy Act. Fees must be collected using the Intra-Governmental Payment and Collection (IPAC) System. The amount of the cost recovery charge is based on the type of action. See categories below:*

FY25 Cost Recovery Fees	
Severable New Start	\$1,121.00
Non-Severable New Start	\$1,057.00
Severable Special/Classified New Starts	\$1,259.00
Non-Severable Special/Classified New Starts	\$1,251.00
Incremental Funding	\$542.00
Changes in requirements (additions or deletion) to existing PWPs	\$482.00
De-Obligations	\$337.00
Administrative Requests	\$386.00
No Cost PoP extensions	\$770.00
Cost POP extensions with Incremental funding/Tech increase	\$1,031.00

FY26 Cost Recovery Fees	
Severable New Start	\$962.00
Non-Severable New Start	\$952.00

Severable Special/Classified New Starts	\$1,118.00
Non-Severable Special/Classified New Starts	\$1,113.00
Incremental Funding	\$521.00
Changes in requirements (additions or deletion) to existing PWPs	\$779.00
De-Obligations	\$547.00
Administrative Requests	\$623.00
No Cost PoP extensions	\$627.00
Cost POP extensions with Incremental funding/Tech increase	\$671.00

### **Intra-governmental Payment and Collection**

1. SEI submits monthly invoices to AFLCMC/AZS through Wide Area Workflow (WAWF).
2. Once invoices are paid, AFLCMC/AZS creates Form 1080s, using the amount paid from the monthly invoice. The Form 1080s are part of the IPAC package and include the PWP number, the Work Sponsor's line of accounting, and the PoP of the work performed by SEI for which AZS is billing.
3. Then the IPAC(s) are electronically sent through the Defense Transaction Interface Module Systems (DTIMS), where they are received by DFAS Limestone.
4. Within 3 business days, the Work Sponsor will receive a copy of the IPAC from DFAS Limestone with the DFAS Document Reference Number (DRN) and can either accept or reject it.
5. After the Work Sponsor accepts and pays the IPAC(s), the funding flows through DFAS Limestone to USAF. The process is now complete.

### **De-obligation Process**

If a de-obligation is needed either during or at the end of a project, a 7600B Modification will be required to initiate the de-obligation process. A complete 7600B with signatures from both agencies is required.

**DEPARTMENT OF THE AIR FORCE**  
AIR FORCE LIFE CYCLE MANAGEMENT CENTER  
HANSCOM AIR FORCE BASE MASSACHUSETTS

19 September 2024

**MEMORANDUM FOR NON-DEPARTMENT OF DEFENSE CUSTOMERS**

**FROM:** AFLCMC/AZS STRATEGIC SERVICES PROGRAM MANAGEMENT OFFICE

**SUBJECT:** Assisted Acquisition Cost Recovery Charge for Non-Department of Defense (DoD) Customers

**REFERENCE:** Air Force Contracts for the Massachusetts Institute of Technology Lincoln Laboratory (MIT-LL) and Carnegie Mellon University - Software Engineering Institute (CMU-SEI) Federally Funded Research and Development Centers (FFRDCs):

FA8721-05-C-0002, FA8702-15-D-0001 and FA8702-24-D-B001 (MIT-LL)

FA8721-05-C-0003, FA8702-15-D-0002 and FA8702-24-D-B002 (CMU-SEI)

The FY25 recovery charges have been reviewed and the updated amounts are shown below. They will go into effect on 1 October 2024 for any acquisition support provided to all non-DoD customers. The tiered cost recovery fee will be assessed for all non-DoD customers utilizing the referenced Air Force contracts. The fees will be collected directly from the non-DoD customer to be deposited into the Air Force Miscellaneous Receipt account held at the Defense Finance and Accounting Service in Columbus, OH (DFAS- CO) and later transferred to the U.S. Treasury Miscellaneous Receipt account for the purpose of costs associated with MIT-LL and CMU-SEI projects placed under the Economy Act (Attachment 1).

The Economy Act (31 U.S.C. §§ 1535 and 1536) is the general transfer authority which permits an agency to place orders with another agency that cannot be provided more conveniently or economically through direct commercial acquisition. This action is derivative of a Comptroller General Decision, B-136318. AUG. 14, 1978, 57 COMP.GEN. 674 and an official legal opinion issued by the 66th ABG/JA dated 15 May 15. This process was approved by the Joint Advisory Committee on 3 Jun 15, chaired by ASD (R&E) and is reflected in the 12 Jun 15 meeting minutes. This recovery charge and the procedures attached have been established to meet the intent of the Economy Act (31 U.S.C. §§ 1535 and 1536).

Based on the above and the 30 November 15 AFMC/JAQ legal opinion issued in reference to all non-DoD customers who provide funds to be obligated on the MIT-LL or the CMU-SEI FFRDC contracts are required to pay the cost recovery charge in support of this assisted acquisition service. The amount of this cost recovery charge is tiered based on the type of action; however, it will continue a per transaction basis. This fee will be assessed for the categories listed below - this is per customer, per line of accounting, affecting this contract vehicle.

<b>Types of Contract Action</b>	<b>Cost</b>
"Severable" New Start	\$1,121.00
"Non-Severable" New Starts	\$1,057.00
"Severable" Special/Classified New Starts	\$1,259.00
"Non-Severable" Special/Classified New Starts	\$1,251.00
Incremental Funding	\$542.00
Changes in requirements (additions or deletion) to existing PWP's	\$482.00
De-Obligations	\$337.00
Administrative Requests	\$386.00
No Cost Period of Performance (POP) extensions	\$770.00
Cost Period of Performance (POP) extensions with Incremental funding/Tech increase	\$1,031.00

**Required statement on funding documents:** "I understand the purpose of the cost recovery charge and agree to make funds available to pay this cost per transaction."

AFLCMC/AZS will often modify projects at or near completion to reduce the estimated cost, period of performance, and funds obligated from their original estimates to better match actual cost and schedule performance. AFLCMC/AZS may also initiate modifications to implement administrative corrections. Customers will not be charged Cost Recovery Fees for changes initiated by AFLCMC/AZS.

Fees must be collected into the Air Force Miscellaneous Receipt account held at the Defense Finance and Accounting Service (DFAS-CO) using the Intra-Governmental Payment and Collection (IPAC) System. We have coordinated this process with DFAS-CO and this process is already in place.

- As processes evolve and labor rates change, AFLCMC/AZS will update these rates at a minimum of once a year prior to the new Fiscal Year. We recommend that all Non-DoD customers check the FFRDC customer website prior to sending any funding documents to ensure that your office is utilizing the most current rates.
- AFLCMC/AZS recommends that if there is any question/confusion about what type of action your action will be classified as, please feel free to reach out to us.

Contact Mr. Zachary Taylor as my MIT-LL & CMU-SEI FM POC, (781)225-1248, email: [zachary.taylor.4l@us.af.mil](mailto:zachary.taylor.4l@us.af.mil) for this effort or myself at (781) 225-2896 (DSN 845-2896), [heather.morin@us.af.mil](mailto:heather.morin@us.af.mil), if you have any questions or require additional information.

04 June 2025

MEMORANDUM FOR NON-DEPARTMENT OF DEFENSE CUSTOMERS

FROM: AFLCMC/AZS STRATEGIC SERVICES PROGRAM MANAGEMENT OFFICE

SUBJECT: Assisted Acquisition Cost Recovery Charge for Non-Department of Defense (DoD) Customers REFERENCE: Air Force Contracts for the Massachusetts Institute of Technology Lincoln Laboratory (MIT-LL) and Carnegie Mellon University - Software Engineering Institute (CMU-SEI) Federally Funded Research and Development Centers (FFRDCs):

FA8721-05-C-0002, FA8702-15-D-0001 and FA8702-25-D-B002 (MIT-LL)  
FA8721-05-C-0003, FA8702-15-D-0002 and FA8702-25-D-B003 (CMU-SEI)

This memo explains a cost recovery charge that applies to all non-Department of Defense (DoD) customers who use Air Force contracts for the Massachusetts Institute of Technology Lincoln Laboratory (MIT-LL) and Carnegie Mellon University - Software Engineering Institute (CMU-SEI) Federally Funded Research and Development Centers (FFRDCs). Effective October 1, 2025, a tiered fee will be assessed for acquisition support provided through these contracts. This fee covers the Air Force's costs associated with managing these projects, as required by the Economy Act. The fee amount depends on the type of contract action, and the associated manpower costs are reviewed annually to ensure compliance with the Economy Act. This year, the rates have been adjusted to reflect process improvements and the actual time spent on these tasks. Please see the table below for a breakdown of the costs. Contact information is provided at the end of this memo if you have any questions.

The Economy Act (31 U.S.C. §§ 1535 and 1536) is a law that allows government agencies to place orders with other government agencies when it's more convenient or economical than contracting with a commercial vendor. In this case, the Air Force is using the Economy Act to provide acquisition support to non-DoD agencies for projects involving MIT-LL and CMU-SEI. This approach is based on a Comptroller General Decision (B-136318. AUG. 14, 1978, 57 COMP.GEN. 674) and an official legal opinion. The Joint Advisory Committee approved this process on June 3, 2015. This cost recovery charge, and the associated procedures are necessary to comply with the requirements of the Economy Act.

Based on the above and the November 30, 2015 AFMC/JAQ legal opinion issued in reference to all non- DoD customers who provide funds to be obligated on the MIT-LL or the CMU-SEI FFRDC contracts are required to pay the cost recovery charge in support of this assisted acquisition service. The amount of this cost recovery charge is tiered based on the type of action; however, it will continue a per transaction basis. This fee will be assessed for the categories listed below - this is per customer, per line of accounting, affecting this contract vehicle.

Types of Contract Action	Cost
"Severable" New Start	\$962.00
"Non-Severable" New Starts	\$952.00
"Severable" Special/Classified New Starts	\$1,118.00
"Non-Severable" Special/Classified New Starts	\$1,113.00
Incremental Funding	\$521.00
Changes in requirements (addition or deletion) to existing PWPs	\$779.00
De-Obligations	\$547.00
Administrative Requests	\$623.00
No Cost Period of Performance (POP) extensions	\$627.00
Cost Period of Performance (POP) extensions with Incremental funding/Tech increase	\$671.00

**NOTE:** Single modifications accomplishing multiple types of changes will be charged only a single fee per line of accounting. For example, a modification providing incremental funding to one LOA and making other administrative changes will only be charged \$623.00

**Required statement on funding documents:** "I understand the purpose of the cost recovery charge and agree to make funds available to pay this cost per transaction."

AFLCMC/AZS will often modify projects at or near completion to reduce the estimated cost, period of performance, and funds obligated from their original estimates to better match actual cost and schedule performance. AFLCMC/AZS may also initiate modifications to implement administrative corrections. Customers will not be charged Cost Recovery Fees for changes initiated by AFLCMC/AZS.

Fees must be collected into the Air Force Miscellaneous Receipt account held at the Defense Finance and Accounting Service (DFAS-CO) using the Intra-Governmental Payment and Collection (IPAC) System. We have coordinated this process with DFAS-CO and this process is already in place.

- As processes evolve and labor rates change, AFLCMC/AZS will update these rates at a minimum of once a year prior to the new Fiscal Year. We recommend that all Non-DoD customers check the FFRDC customer website prior to sending any funding documents to ensure that your office is utilizing the most current rates.
- AFLCMC/AZS recommends that if there is any question/confusion about what type of action your action will be classified as, please feel free to reach out to us.
